

Mission Statement for Purchasing - EVSWA/EVRL

The purchasing section of the Estancia Valley Solid Waste Authority is dedicated to ensuring the effective and efficient purchase of goods and services at fair and reasonable prices. We will work hard to maximize the purchasing value of public funds in procuring purchases from competitive vendors through the issuance of Request for Quotes (RFQ), Invitation for Bids (IFB), and Requests for Proposals (RFP). Proposal/Bid specifications and deadline information can be obtained through this website when applicable, or by calling the Estancia Valley Solid Waste Authority at (505) 384-4270.

Estancia Valley Solid Waste Authority reserves the right to reject any or all bid/proposals if it is not in the best interest of the Authority. All requests for sealed bid/proposals will be conducted according to the New Mexico Procurement Code (Sections 13-1-28 through 13-1-199 NMSA 1978) which imposes civil and criminal penalties for illegal bribes, gratuities, and kick-backs.

At this website you will find the current bid and proposal packages as well as a link below for a new vendor form. We encourage all businesses to participate in the competitive acquisition process and we are here to answer any questions you may have about the process. Please direct any questions you may have to Danette Cabber, Assistant General Manager, and purchasing.
